

Aspen

Residence two
 3 Bedrooms, 3 Baths
 Media Room
 From 2,732 Sq. Ft.

The Aspen is designed with both function and form in mind. This home will accommodate a family as well as empty-nesters.

The open floorplan works well for entertaining and the formal dining area allows for more intimate gatherings.

The media center gives the kids a place to hideout while parents entertain.

The media room may also work as an office or library.

The open kitchen with convenient food preparation island and spacious pantry makes it easy to take care of a family's needs.

The master suite gives the adults a private get-a-way area to relax and unwind next to a warm fire.

The master bath affords a fireplace, large walk-in closet, private steam shower, double vanity and a whirlpool tub.
